GREEN: promotes calmness. Green is a good general healing color because it stimulates growth.

Green is the color of nature, fertility, life. Grass green is the most restful color. Green symbolizes self-respect and well being. Green is the color of balance. It also means learning, growth and harmony. Green is a safe color, if you don't know what color to use anywhere use green.

Green is favored by well balanced people. Green symbolizes the master healer and the life force. It was believed green was healing for the eyes.

CME ON SURGICAL ONCOLOGY

Guru Cancer Hospital is a unique center for cancer care, having measures of expertise and technology in providing comprehensive care with international standards at affordable price.

EPIDYME / All these specialties namely Inguinal Hernia, Medical Oncology and Radiation Oncology under one roof! EPIDYME / Having All-India Cancer Accelerator capable of treating cancer with high accuracy with minimal side effects.

Initially guru hospital was started with only 10 beds which within a decade has emerged into a 100 bedded hospital. It is all because of Dr. S. S. Balaraman's reputation and enthusiasm for acquired from his great teachers Dr. K. Rajasekar & Dr. S. Jagadeesh Chandra Bose.

Now, we are proud to say that Guru Hospital is the only super specialty hospital with comprehensive cancer care in South Tamil Nadu. Guru Hospital feels proud to update this message on this special occasion. We whole heartedly wish them great luck and happy retirement!
